Sub: Numerous problems regarding payment of MGNREGS

This is to inform you that in the MGNREGS Social Audit Programme held on 13.06.2014, the local Panchayat Member of Matiali Batabari I Gram Panchayat, the public present and the Gram Panchayat Officials raised several issues regarding delay in payment from your office. The public present stated that supervisors are told to make necessary entries in the related registers and give other necessary support to expedite the matter.

Besides, you could not clarify the exact mode of payment for pension to old age, widow and disability pensioners from the Social Welfare Department of this office, which has led to unconditional delay in payment of the same to the poor beneficiaries.

Hence you are directed to inform this office in writing the problems you are facing and necessary logistic support you need from this end and ensure that you attend the next meeting/Programme of MGNREGS personally, as per the guidelines of the State Government.

Matter may be taken seriously.
